

**Fundamentals of Engineering (FE)
ELECTRICAL AND COMPUTER CBT Exam Specifications
Effective Beginning with the January 2014 Examinations**

- The FE exam is a computer-based test (CBT). It is closed book with an electronic reference.
- Examinees have 6 hours to complete the exam, which contains 110 multiple-choice questions. The 6-hour time also includes a tutorial and an optional scheduled break.
- The FE exam uses both the International System of Units (SI) and the US Customary System (USCS).
