Tami elected NCEES president-elect

Delegates elected Patrick Tami, P.L.S., NCEES president-elect at the organization's 95th annual meeting, held August 24–27 in Indianapolis, Indiana. He will serve as president-elect for the 2016–17 term and as president the following year.

A resident of Roseville, California, Tami has been a member of the California Board for Professional Engineers, Land Surveyors, and Geologists since 2006. He previously served as NCEES Western Zone vice president for the 2014–16 and 2008–10 terms. He has also served on a number of NCEES committees, including chairing the Advisory Committee on Council Activities and the Committee on Uniform Procedures and Legislative Guidelines.

A professional land surveyor for more than 30 years, Tami is currently principal surveyor of R.E.Y. Engineers, Inc., a firm providing civil engineering and surveying services. He is a past president of the California Land Surveyors Association, a past chair of the East Bay Municipal Engineers Association and the Bay Counties Association of Civil Engineers and Land Surveyors, and a former member of the board of directors for the Western Federation of Professional Surveyors.

ABOUT NCEES

The National Council of Examiners for Engineering and Surveying is a nonprofit organization made up of engineering and surveying licensing boards from all U.S. states and territories and the District of Columbia. Since its founding in 1920, NCEES has been committed to advancing licensure for engineers and surveyors in order to safeguard the health, safety, and welfare of the U.S. public.

NCEES helps its member licensing boards carry out their duties to regulate the professions of engineering and surveying. It develops best-practice models for state licensure laws and regulations and promotes uniformity among the states. It develops and administers the exams used for engineering and surveying licensure throughout the country. It also provides services to help licensed engineers and surveyors practice their professions in other U.S. states and territories. For more information, please visit ncees.org.
