NCEES recognizes long-standing service

NCEES recently honored eight individuals for their dedicated service to the organization and the engineering and surveying professions. The 2023 NCEES service award winners are

- Jeffrey B. Jones, P.L.S., member of the Wyoming Board of Professional Engineers and Professional Land Surveyors, who received the Distinguished Service Award
- Dean C. Ringle, P.E., P.S., member of the Ohio State Board of Registration for Professional Engineers and Surveyors, who received the Distinguished Service Award
- Marlee Walton, P.E., P.L.S., emeritus member of the Iowa Engineering and Land Surveying Examining Board, who received the Distinguished Service Award
- Steven F. Barrett, Ph.D., P.E., member of the Wyoming Board of Professional Engineers and Professional Land Surveyors, who received the Distinguished Examination Service Award
- · Anne Bertelsmann, Ph.D., P.E., of Texas, who received the Distinguished Examination Service Award
- LeRoy C. Feusner, P.E., of Montana, who was posthumously honored with the Distinguished Examination Service Award
- · Lan Yoneda, P.E., of Hawaii, who received the Distinguished Examination Service Award
- Howard C. (Skip) Harclerode II, P.E., member of the Maryland State Board for Professional Engineers, who received the President's Award

The winners were honored at the NCEES annual meeting, held August 15–18, 2023, in Boston, Massachusetts.

ABOUT NCEES

The National Council of Examiners for Engineering and Surveying is a nonprofit organization made up of engineering and surveying licensing boards from all U.S. states, the District of Columbia, Guam, the Northern Mariana Islands, Puerto Rico, and the U.S. Virgin Islands. Since its founding in 1920, NCEES has been committed to advancing licensure for engineers and surveyors in order to safeguard the health, safety, and welfare of the U.S. public.

NCEES helps its member licensing boards carry out their duties to regulate the professions of engineering and surveying. It develops best-practice models for state licensure laws and regulations and promotes uniformity among the states. It develops and administers the exams used for engineering and surveying licensure throughout the country. It also provides services to help licensed engineers and surveyors practice their professions in other U.S. states and territories. For more information, please visit neces.org.
