Bostelman begins term as NCEES Central Zone vice president

Janice Bostelman, P. E., PMP, recently received her commission as NCEES Central Zone vice president at the conclusion of the organization’s annual meeting, held August 23–26 in Carlsbad, California. As vice president, Bostelman will serve on the NCEES board of directors and as the zone’s administrative officer through 2025.

A resident of Brainard, Nebraska, Bostelman has served as a member on the Nebraska Board of Engineers and Architects since 2017. She served as a member of the NCEES Committee on Examinations for Professional Engineers in 2018–22 and as Central Zone assistant vice president in 2021–22.

Bostelman is the owner of Bostelman Engineering, LLC and teaches as an adjunct instructor for Southeast Community College in Milford, Nebraska. She earned a bachelor’s degree in chemical engineering from the University of Nebraska–Lincoln and continued her studies in graduate work at the University of Nebraska–Lincoln and the University of New Mexico. Bostelman volunteers for the St. John Lutheran Nurture Board and Pantry, the Schuyler Nebraska food pantry, the Grace Lutheran Board of Education, and the Faith and Beautiful Savior Lutheran Stephen Ministry. She also volunteers for Mathcounts, is the treasurer for the Butler County 4H, and is a soccer coach for Butler County.

ABOUT NCEES

The National Council of Examiners for Engineering and Surveying is a nonprofit organization made up of engineering and surveying licensing boards from all U.S. states, the District of Columbia, Guam, the Northern Mariana Islands, Puerto Rico, and the U.S. Virgin Islands. Since its founding in 1920, NCEES has been committed to advancing licensure for engineers and surveyors in order to safeguard the health, safety, and welfare of the U.S. public.

NCEES helps its member licensing boards carry out their duties to regulate the professions of engineering and surveying. It develops best-practice models for state licensure laws and regulations and promotes uniformity among the states. It develops and administers the exams used for engineering and surveying licensure throughout the country. It also provides services to help licensed engineers and surveyors practice their professions in other U.S. states and territories. For more information, please visit ncees.org.
