## NCEES honors Ohio professional engineer and surveyor Dean Ringle for service

Dean C. Ringle, P.E., P.S., of Dublin, Ohio, has been awarded the NCEES Distinguished Service Award for his dedicated service to NCEES and the engineering and surveying professions. Ringle was recognized during the organization's 102nd annual meeting in Boston, Massachusetts, on August 17, 2023.

Ringle has been a member of NCEES for close to two decades and served as NCEES president in 2019–20. As a member of the board of directors, he served as the board liaison to the Committee on Awards, the Public Outreach Task Force, the Committee on Examinations for Professional Engineers, and the Special Committee on Bylaws. He currently serves as a member of the Advisory Committee on Council Activities and has served on numerous committees and task forces throughout his service to NCEES.

A licensed professional surveyor since 1985 and a licensed professional engineer since 1989, Ringle has been an active member of the Ohio State Board of Registration for Professional Engineers and Surveyors for close to 20 years.

Ringle is also a member of the National Association of County Engineers, the County Engineers Association of Ohio, the Professional Land Surveyors of Ohio, and the Engineers Club of Ohio. He also taught various surveying courses at The Ohio State University College of Engineering for 25 years. He is currently the executive director of the County Engineers Association of Ohio.

## ABOUT NCEES

*The National Council of Examiners for Engineering and Surveying is a nonprofit organization made up of engineering and surveying licensing boards from all U.S. states, the District of Columbia, Guam, the Northern Mariana Islands, Puerto Rico, and the U.S. Virgin Islands. Since its founding in 1920, NCEES has been committed to advancing licensure for engineers and surveyors in order to safeguard the health, safety, and welfare of the U.S. public.*

*NCEES helps its member licensing boards carry out their duties to regulate the professions of engineering and surveying. It develops best-practice models for state licensure laws and regulations and promotes uniformity among the states. It develops and administers the exams used for engineering and surveying licensure throughout the country. It also provides services to help licensed engineers and surveyors practice their professions in other U.S. states and territories. For more information, please visit [ncees.org](http://ncees.org).*
