NCEES announces winners of 2024 NCEES Surveying Education Award

Idaho State University College of Technology receives \$25,000 grand prize

NCEES is pleased to announce the recipients of the 2024 NCEES Surveying Education Award. This annual award recognizes surveying programs that best reflect the organization's mission to advance licensure for surveyors in order to safeguard the health, safety, and welfare of the public.

NCEES awarded the Idaho State University Surveying and Geomatics Engineering Technology program the \$25,000 grand prize. The award jury praised the program for its strong online program and its outreach efforts. Jurors considered criteria such as student outcomes and involvement, outreach and recruitment, and the promotion of licensure.

NCEES Surveying Education Award juror Coleen Johnson, R.P.L.S., stated, "We had an incredible group of entries for this year's competition. After thorough discussion and consideration, it was evident that Idaho State University's program had earned the grand prize. Idaho State has a strong online program, and the faculty push for student involvement within the profession is commendable."

The jury selected six additional winners to receive the following awards:

\$15,000 winners

Ferris State University

School of Engineering and Computing Technology

Surveying Engineering program

Florida Atlantic University

College of Engineering and Computer Science

Department of Civil, Environmental, and Geomatics Engineering

New Mexico State University

Department of Engineering Technology and Surveying Engineering

Geomatics/Surveying Engineering program

\$10,000 winners

New Jersey Institute of Technology

School of Applied Engineering and Technology

Surveying Engineering Technology program

Troy University
College of Arts and Sciences
Surveying and Geomatics Sciences program

University of Maine
College of Engineering
Surveying Engineering Technology program

The award jury of NCEES members and representatives from surveying societies met June 11, 2024, to select the winners. The prizes were awarded to qualifying programs to assist with each program's continued efforts to promote the importance and value of surveying licensure.

Profiles of the winning programs will be posted as available at ncees.org/surveyingaward.

ABOUT NCEES

The National Council of Examiners for Engineering and Surveying is a nonprofit organization made up of engineering and surveying licensing boards from all U.S. states, the District of Columbia, Guam, Puerto Rico, the Northern Mariana Islands, and the U.S. Virgin Islands. Since its founding in 1920, NCEES has been committed to advancing licensure for engineers and surveyors in order to safeguard the health, safety, and welfare of the U.S. public.

NCEES helps its member licensing boards carry out their duties to regulate the professions of engineering and surveying. It develops best-practice models for state licensure laws and regulations and promotes uniformity among the states. It develops and administers the exams used for engineering and surveying licensure throughout the country. It also provides services to help licensed engineers and surveyors practice their professions in other U.S. states and territories. For more information, please visit ncees.org.
