Surveying Technology

Program Coordinator: Jessica Hess, PS

jhess@vinu.edu 812-888-4185

PROGRAM AVAILABILITY: Only university in Indiana offering a Surveying degree.

- Both traditional and online formats available.

COURSE CONTENT: Instrumentation, computer software, surveying theory/ computations.

CLASS SIZES: 12-16 students.

HANDS-ON STUDY: Projects start within the first week of each semester.

LECTURE TO LAB RATIO: 1 hour lecture to 2-3 hours lab.

EQUIPMENT: Automatic levels, robotic total stations, GPS, and laser scanners.

COMMUNITY: Surveying students develop strong relationships with their classmates that often last beyond graduation. There is a student club and many professional networking opportunities with employers and professional associations.

INTERNSHIPS and EMPLOYMENT: Facilitated by the program. Internships can begin as soon as the first semester of enrollment and often lead to a full-time job after graduation.

TITLE UPON GRADUATION: Surveying Technician

JOB OPPORTUNITIES: 100% placement.

STARTING PAY: \$22 - \$26 an hour (\$44,000 - \$52,000 a year)

FUTURE OPPORTUNITIES: Professional Licensure possible upon meeting all requirements. Once licensed, you may start your own surveying company or continue to work for others. Expected salary of licensed individuals approximately ranges from \$60,000 a year toward \$100,000+ (depending on industry segment and locale).
