Tyrell begins term as NCEES treasurer

NCEES delegates elected Paul Tyrell, P.E., P.L.S., treasurer at the organization's 99th annual business meeting. Delegates elected him to this position when they cast their ballots in July 2020. The election results were announced at the virtual business meeting on August 27, 2020. As treasurer, Tyrell will serve on the NCEES board of directors through 2023.

A resident of Weymouth, Massachusetts, Tyrell has been a member of the Massachusetts Board of Registration of Professional Engineers and Professional Land Surveyors since 2011 and currently serves as board chair. He served as the NCEES Northeast Zone vice president in 2017–19 and as a member of the Committee on Examinations for Professional Engineers, Committee on Examinations for Professional Surveyors, Committee on Nominations, and Committee on Uniform Procedures and Legislative Guidelines. Tyrell served on the Definition of Engineering Task Force and as a board liaison on the Technology Task Force. He also chaired the Committee on Examination Policy and Procedures.

Tyrell has been licensed in Massachusetts as a professional engineer since 2004 and as a professional surveyor since 2008. He is the vice president of STV. He serves as deputy project manager for the \$1 billion Massachusetts Bay Transportation Authority's Green Line Extension, which will extend light rail to underserved areas north of Boston.

A graduate of the Wentworth Institute of Technology, Tyrell received a bachelor's degree in civil engineering technology.

Tyrell is a member of the Boston Society of Civil Engineers Section of the American Society of Civil Engineers, the Construction Management Association of America, and the Society of American Military Engineers. He is also a member and past secretary of the Massachusetts Association of Land Surveyors and Civil Engineers.

ABOUT NCEES

The National Council of Examiners for Engineering and Surveying is a nonprofit organization made up of engineering and surveying licensing boards from all U.S. states, the District of Columbia, Guam, Puerto Rico, Northern Mariana Islands, and the U.S. Virgin Islands. Since its founding in 1920, NCEES has been committed to advancing licensure for engineers and surveyors in order to safeguard the health, safety, and welfare of the U.S. public.

NCEES helps its member licensing boards carry out their duties to regulate the professions of engineering and surveying. It develops best-practice models for state licensure laws and regulations and promotes uniformity among the states. It develops and administers the exams used for engineering and surveying licensure throughout the country. It also provides services to help licensed engineers and surveyors practice their professions in other U.S. states and territories. For more information, please visit ncees.org.
