Summary of US Engineering Societies’ Codes of Ethics

--- | --- | --- | --- | --- | ---
NAE - American Academy of Arts and Sciences | Code of Professional Ethics and Conduct (as revised June 2004) | 1. Hold paramount the safety, health, and welfare of the public in the performance of their duties. | 4. A Professional Engineer is obligated to act in accordance with the public interest. | 1c. If the member’s judgment is overruled when the health, safety, or welfare of the public is endangered, they will report it to appropriate legal authorities, and shall cooperate with the board and those authorities. | 10. Shall the member’s judgment is overruled when the health, safety, or welfare of the public is endangered, they will report it to appropriate legal authorities, and shall cooperate with the board and those authorities.

American Institute of Chemical Engineers | Code of Ethics and Professional Conduct (as revised 2017) | 1. Hold paramount the safety, health and welfare of the public and protect the environment in performance of our professional duties. | 4. A Professional Engineer is obligated to act in accordance with the public interest. | 1c. If the member’s judgment is overruled when the health, safety, or welfare of the public is endangered, they will report it to appropriate legal authorities, and shall cooperate with the board and those authorities. | 10. Shall the member’s judgment is overruled when the health, safety, or welfare of the public is endangered, they will report it to appropriate legal authorities, and shall cooperate with the board and those authorities.

American Nuclear Society | Code of Ethics (as adopted 2002) | 1. We hold paramount the safety, health, and welfare of the public and fellow workers. | 4. A Professional Engineer is obligated to act in accordance with the public interest. | 1c. If the member’s judgment is overruled when the health, safety, or welfare of the public is endangered, they will report it to appropriate legal authorities, and shall cooperate with the board and those authorities. | 10. Shall the member’s judgment is overruled when the health, safety, or welfare of the public is endangered, they will report it to appropriate legal authorities, and shall cooperate with the board and those authorities.

American Society of Civil Engineers | Code of Ethics (as adopted 2017) | 1. Engineers shall hold paramount the safety, health, and welfare of the public. | 4. A Professional Engineer is obligated to act in accordance with the public interest. | 1c. If the member’s judgment is overruled when the health, safety, or welfare of the public is endangered, they will report it to appropriate legal authorities, and shall cooperate with the board and those authorities. | 10. Shall the member’s judgment is overruled when the health, safety, or welfare of the public is endangered, they will report it to appropriate legal authorities, and shall cooperate with the board and those authorities.

American Society of Electrical Engineers | Code of Ethics (as adopted 1998) | 1. Engineers shall hold paramount the safety, health, and welfare of the public. | 4. A Professional Engineer is obligated to act in accordance with the public interest. | 1c. If the member’s judgment is overruled when the health, safety, or welfare of the public is endangered, they will report it to appropriate legal authorities, and shall cooperate with the board and those authorities. | 10. Shall the member’s judgment is overruled when the health, safety, or welfare of the public is endangered, they will report it to appropriate legal authorities, and shall cooperate with the board and those authorities.

American Society of Mechanical Engineers | Code of Ethics (as adopted 1998) | 1. Engineers shall hold paramount the safety, health, and welfare of the public. | 4. A Professional Engineer is obligated to act in accordance with the public interest. | 1c. If the member’s judgment is overruled when the health, safety, or welfare of the public is endangered, they will report it to appropriate legal authorities, and shall cooperate with the board and those authorities. | 10. Shall the member’s judgment is overruled when the health, safety, or welfare of the public is endangered, they will report it to appropriate legal authorities, and shall cooperate with the board and those authorities.

Institute of Electrical and Electronics Engineers | Code of Ethics (as adopted 2013) | 1. To hold paramount the safety, health, and welfare of the public, to strive to comply with ethical and sustainable development practices, and to disclose promptly factors that might endanger the public or the environment. | 4. A Professional Engineer is obligated to act in accordance with the public interest. | 1c. If the member’s judgment is overruled when the health, safety, or welfare of the public is endangered, they will report it to appropriate legal authorities, and shall cooperate with the board and those authorities. | 10. Shall the member’s judgment is overruled when the health, safety, or welfare of the public is endangered, they will report it to appropriate legal authorities, and shall cooperate with the board and those authorities.

Society of Petroleum Engineers | Code of Professional Conduct (as revised 2013) | 1. Hold paramount the safety, health, and welfare of the public and the environment in performance of their professional duties. | 4. A Professional Engineer is obligated to act in accordance with the public interest. | 1c. If the member’s judgment is overruled when the health, safety, or welfare of the public is endangered, they will report it to appropriate legal authorities, and shall cooperate with the board and those authorities. | 10. Shall the member’s judgment is overruled when the health, safety, or welfare of the public is endangered, they will report it to appropriate legal authorities, and shall cooperate with the board and those authorities.

National Society of Professional Engineers | Code of专业 Code (as revised 2013) | 1. Engineers are encouraged to adhere to the principles of their professional duties in order to protect the environment for future generations. | 4. A Professional Engineer is obligated to act in accordance with the public interest. | 1c. If the member’s judgment is overruled when the health, safety, or welfare of the public is endangered, they will report it to appropriate legal authorities, and shall cooperate with the board and those authorities. | 10. Shall the member’s judgment is overruled when the health, safety, or welfare of the public is endangered, they will report it to appropriate legal authorities, and shall cooperate with the board and those authorities.

Engineeren | Code of Professional Conduct (as revised 2013) | 1. Hold paramount the safety, health, and welfare of the public in the performance of their duties. | 4. A Professional Engineer is obligated to act in accordance with the public interest. | 1c. If the member’s judgment is overruled when the health, safety, or welfare of the public is endangered, they will report it to appropriate legal authorities, and shall cooperate with the board and those authorities. | 10. Shall the member’s judgment is overruled when the health, safety, or welfare of the public is endangered, they will report it to appropriate legal authorities, and shall cooperate with the board and those authorities.

Engineerization of Matsus, Metals, and Exploration | Code of Ethics (as revised 2002) | 1. The member shall guard against conditions that are dangerous or threatening to life, health, or safety of the public in performance of their professional duties. | 4. A Professional Engineer is obligated to act in accordance with the public interest. | 1c. If the member’s judgment is overruled when the health, safety, or welfare of the public is endangered, they will report it to appropriate legal authorities, and shall cooperate with the board and those authorities. | 10. Shall the member’s judgment is overruled when the health, safety, or welfare of the public is endangered, they will report it to appropriate legal authorities, and shall cooperate with the board and those authorities.

Engineers' Professional Conduct (as revised 2013) | Professional Conduct (as revised 2013) | 1. Hold paramount the safety, health, and welfare of the public and the environment in performance of their professional duties. | 4. A Professional Engineer is obligated to act in accordance with the public interest. | 1c. If the member’s judgment is overruled when the health, safety, or welfare of the public is endangered, they will report it to appropriate legal authorities, and shall cooperate with the board and those authorities. | 10. Shall the member’s judgment is overruled when the health, safety, or welfare of the public is endangered, they will report it to appropriate legal authorities, and shall cooperate with the board and those authorities.

Engineers' Practices (as revised 2013) | Code of Professional Conduct (as revised 2013) | 1. Hold paramount the safety, health, and welfare of the public and the environment in performance of their professional duties. | 4. A Professional Engineer is obligated to act in accordance with the public interest. | 1c. If the member’s judgment is overruled when the health, safety, or welfare of the public is endangered, they will report it to appropriate legal authorities, and shall cooperate with the board and those authorities. | 10. Shall the member’s judgment is overruled when the health, safety, or welfare of the public is endangered, they will report it to appropriate legal authorities, and shall cooperate with the board and those authorities.

Engineers' Professional Conduct (as revised 2013) | Code of Professional Conduct (as revised 2013) | 1. Hold paramount the safety, health, and welfare of the public and the environment in performance of their professional duties. | 4. A Professional Engineer is obligated to act in accordance with the public interest. | 1c. If the member’s judgment is overruled when the health, safety, or welfare of the public is endangered, they will report it to appropriate legal authorities, and shall cooperate with the board and those authorities. | 10. Shall the member’s judgment is overruled when the health, safety, or welfare of the public is endangered, they will report it to appropriate legal authorities, and shall cooperate with the board and those authorities.

Engineers' Professional Conduct (as revised 2013) | Code of Professional Conduct (as revised 2013) | 1. Hold paramount the safety, health, and welfare of the public and the environment in performance of their professional duties. | 4. A Professional Engineer is obligated to act in accordance with the public interest. | 1c. If the member’s judgment is overruled when the health, safety, or welfare of the public is endangered, they will report it to appropriate legal authorities, and shall cooperate with the board and those authorities. | 10. Shall the member’s judgment is overruled when the health, safety, or welfare of the public is endangered, they will report it to appropriate legal authorities, and shall cooperate with the board and those authorities.

Engineers' Professional Conduct (as revised 2013) | Code of Professional Conduct (as revised 2013) | 1. Hold paramount the safety, health, and welfare of the public and the environment in performance of their professional duties. | 4. A Professional Engineer is obligated to act in accordance with the public interest. | 1c. If the member’s judgment is overruled when the health, safety, or welfare of the public is endangered, they will report it to appropriate legal authorities, and shall cooperate with the board and those authorities. | 10. Shall the member’s judgment is overruled when the health, safety, or welfare of the public is endangered, they will report it to appropriate legal authorities, and shall cooperate with the board and those authorities.

Engineers' Professional Conduct (as revised 2013) | Code of Professional Conduct (as revised 2013) | 1. Hold paramount the safety, health, and welfare of the public and the environment in performance of their professional duties. | 4. A Professional Engineer is obligated to act in accordance with the public interest. | 1c. If the member’s judgment is overruled when the health, safety, or welfare of the public is endangered, they will report it to appropriate legal authorities, and shall cooperate with the board and those authorities. | 10. Shall the member’s judgment is overruled when the health, safety, or welfare of the public is endangered, they will report it to appropriate legal authorities, and shall cooperate with the board and those authorities.
II.2a. Engineers shall undertake assignments only in one's area of competence.

II.2b. Engineers shall undertake responsibility charge of engineering assignments only when qualified by education or experience in the specific technical field of engineering involved.

II.3. Are honest, truthful, ethical, and fair in presenting information and in making public statements, reflecting on colleagues, and in professional and personal roles, whether verbal or through printed or electronic media.

2. Engineers shall undertake assignments only in one's area of competence.

3. Engineers shall be truthful and honest, in stating claims or estimates based on available data.

4. Engineers shall disclose all known or potential conflicts of interest with their employers or clients and shall promptly inform their employers or clients of any business association, interests, or circumstances which could influence their judgment or the quality of their services.

5. The member will act in professional matters for each employer or client as faithful agents or trustees, disclosing nothing of a proprietary nature concerning the business affairs or technical processes of any present or former client or employer.

6. Licensees shall not reveal facts, data, or information obtained in a professional capacity without the prior consent of the client, employer, or public body on which they serve except as authorized or required by law or the Code.

7. Licensees shall not reveal facts, data, or information obtained in a professional capacity without the prior consent of the client, employer, or public body on which they serve except as authorized or required by law or the Code.

8. Licensees shall not use confidential information received in the course of their assignments as a means of making personal profit if such action is adverse to the interests of their clients, employers, or the public.

9. Licensees shall not disclose proprietary information, copyrights, intellectual property rights, or data privacy of others.

10. Licensees shall not reveal facts, data, or information received in a professional capacity without the prior consent of the client, employer, or public body on which they serve except as authorized or required by law or the Code.

11. Licensees shall not reveal facts, data, or information obtained in a professional capacity without the prior consent of the client, employer, or public body on which they serve except as authorized or required by law or the Code.

12. Licensees shall not disclose to their employers or clients all known or potential conflicts of interest which could influence or appear to influence their judgment or the quality of their professional service or engagement.

13. Licensees shall disclose to their employers or clients all known or potential conflicts of interest which could influence or appear to influence their judgment or the quality of their professional service or engagement.

14. Licensees shall not use confidential information, copyrights, intellectual property rights, or data privacy of others.

15. Licensees shall not reveal facts, data, or information obtained in a professional capacity without the prior consent of the client, employer, or public body on which they serve except as authorized or required by law or the Code.

16. Licensees shall not reveal facts, data, or information obtained in a professional capacity without the prior consent of the client, employer, or public body on which they serve except as authorized or required by law or the Code.

17. Licensees shall not reveal facts, data, or information obtained in a professional capacity without the prior consent of the client, employer, or public body on which they serve except as authorized or required by law or the Code.

18. Licensees shall not reveal facts, data, or information obtained in a professional capacity without the prior consent of the client, employer, or public body on which they serve except as authorized or required by law or the Code.

19. Licensees shall not use confidential information, copyrights, intellectual property rights, or data privacy of others.

20. Licensees shall not reveal facts, data, or information obtained in a professional capacity without the prior consent of the client, employer, or public body on which they serve except as authorized or required by law or the Code.
AAA. 4. Accept responsibility for the actions, work, and other accomplishments of those to whom credit is given.
3. Promote the public's interest by avoiding the appearance of, or participation in, personal advantage.
25. Comply with public law and regulation.
24. Avoid injurious criticism of the work of others.
23. Do not engage to offer or accept bribes or facilitate payments, either directly or indirectly, not only in business ventures by any person or firm which they know, or have reason to believe, are engaging in business or professional practices of a fraudulent, dishonest, or unethical nature.
22. Licensees shall undertake the compensation of others, and may delegate the administration of their practice to others.
21. Members shall not permit the use of their name in business for any person or firm which they know, or have reason to believe, are engaging in business or professional practices of a fraudulent or dishonest nature.
20. The member will not engage in competitive practices contrary to law.
19. The member will not associatively participate in any association that they believe is engaged in fraudulent or dishonest business or professional practices.
18. Licensees shall comply with the licensing laws and regulations governing their professional practice in all of the jurisdictions in which they practice.
17. To avoid injuring others, their property, reputation, or credit the contributions of others; and do not accept credit for work that is not their own work.
16. The member will not permit the use of their name in business ventures by any person or firm which they know, or have reason to believe, are engaging in business or professional practices of a fraudulent, dishonest, or unethical nature.
15. Licensees shall not permit, perform, or otherwise engage in the compensation of others.
14. Licensees shall not permit, perform, or otherwise engage in the compensation of others.
13. Licensees shall not permit, perform, or otherwise engage in the compensation of others.
12. Licensees shall not permit, perform, or otherwise engage in the compensation of others.
11. Licensees shall not permit, perform, or otherwise engage in the compensation of others.
10. Members shall comply with public law and regulation.
9. Licensees shall comply with the licensing laws and regulations governing their professional practice in all of the jurisdictions in which they practice.
8. Licensees shall not permit, perform, or otherwise engage in the compensation of others.
7. Licensees shall not permit, perform, or otherwise engage in the compensation of others.
6. Members shall not engage in competitive practices contrary to law.
5. Licensees shall not permit, perform, or otherwise engage in the compensation of others.
4. Licensees shall not permit, perform, or otherwise engage in the compensation of others.
3. Licensees shall not permit, perform, or otherwise engage in the compensation of others.
2. Licensees shall not permit, perform, or otherwise engage in the compensation of others.
1. Licensees shall not permit, perform, or otherwise engage in the compensation of others.

A11. 4. To reject bribery in all its forms.
3. To avoid injurious criticism of the work of others.
2. Comply with public law and regulation.
1. Comply with public law and regulation.

A10. 4. To reject bribery in all its forms.
3. To avoid injurious criticism of the work of others.
2. Comply with public law and regulation.
1. Comply with public law and regulation.

A9. 4. To reject bribery in all its forms.
3. To avoid injurious criticism of the work of others.
2. Comply with public law and regulation.
1. Comply with public law and regulation.

A8. 4. To reject bribery in all its forms.
3. To avoid injurious criticism of the work of others.
2. Comply with public law and regulation.
1. Comply with public law and regulation.

A7. 4. To reject bribery in all its forms.
3. To avoid injurious criticism of the work of others.
2. Comply with public law and regulation.
1. Comply with public law and regulation.

A6. 4. To reject bribery in all its forms.
3. To avoid injurious criticism of the work of others.
2. Comply with public law and regulation.
1. Comply with public law and regulation.

A5. 4. To reject bribery in all its forms.
3. To avoid injurious criticism of the work of others.
2. Comply with public law and regulation.
1. Comply with public law and regulation.

A4. 4. To reject bribery in all its forms.
3. To avoid injurious criticism of the work of others.
2. Comply with public law and regulation.
1. Comply with public law and regulation.

A3. 4. To reject bribery in all its forms.
3. To avoid injurious criticism of the work of others.
2. Comply with public law and regulation.
1. Comply with public law and regulation.

A2. 4. To reject bribery in all its forms.
3. To avoid injurious criticism of the work of others.
2. Comply with public law and regulation.
1. Comply with public law and regulation.

A1. 4. To reject bribery in all its forms.
3. To avoid injurious criticism of the work of others.
2. Comply with public law and regulation.
1. Comply with public law and regulation.

AAE. 4. Licensees shall give proper credit for professional work to those to whom credit is due, and shall recognize the proprietary interests of others.
3. Licensees shall not falsify or permit misrepresentation of their, or their associates', academic or professional qualifications, or experience.
2. Licensees shall not falsify or permit misrepresentation of their, or their associates', academic or professional qualifications, or experience.
1. Licensees shall not falsify or permit misrepresentation of their, or their associates', academic or professional qualifications, or experience.

AAE. 4. Licensees shall give proper credit for professional work to those to whom credit is due, and shall recognize the proprietary interests of others.
3. Licensees shall not falsify or permit misrepresentation of their, or their associates', academic or professional qualifications, or experience.
2. Licensees shall not falsify or permit misrepresentation of their, or their associates', academic or professional qualifications, or experience.
1. Licensees shall not falsify or permit misrepresentation of their, or their associates', academic or professional qualifications, or experience.

AAE. 4. Licensees shall give proper credit for professional work to those to whom credit is due, and shall recognize the proprietary interests of others.
3. Licensees shall not falsify or permit misrepresentation of their, or their associates', academic or professional qualifications, or experience.
2. Licensees shall not falsify or permit misrepresentation of their, or their associates', academic or professional qualifications, or experience.
1. Licensees shall not falsify or permit misrepresentation of their, or their associates', academic or professional qualifications, or experience.

AAE. 4. Licensees shall give proper credit for professional work to those to whom credit is due, and shall recognize the proprietary interests of others.
3. Licensees shall not falsify or permit misrepresentation of their, or their associates', academic or professional qualifications, or experience.
2. Licensees shall not falsify or permit misrepresentation of their, or their associates', academic or professional qualifications, or experience.
1. Licensees shall not falsify or permit misrepresentation of their, or their associates', academic or professional qualifications, or experience.

AAE. 4. Licensees shall give proper credit for professional work to those to whom credit is due, and shall recognize the proprietary interests of others.
3. Licensees shall not falsify or permit misrepresentation of their, or their associates', academic or professional qualifications, or experience.
2. Licensees shall not falsify or permit misrepresentation of their, or their associates', academic or professional qualifications, or experience.
1. Licensees shall not falsify or permit misrepresentation of their, or their associates', academic or professional qualifications, or experience.

AAE. 4. Licensees shall give proper credit for professional work to those to whom credit is due, and shall recognize the proprietary interests of others.
3. Licensees shall not falsify or permit misrepresentation of their, or their associates', academic or professional qualifications, or experience.
2. Licensees shall not falsify or permit misrepresentation of their, or their associates', academic or professional qualifications, or experience.
1. Licensees shall not falsify or permit misrepresentation of their, or their associates', academic or professional qualifications, or experience.

AAE. 4. Licensees shall give proper credit for professional work to those to whom credit is due, and shall recognize the proprietary interests of others.
3. Licensees shall not falsify or permit misrepresentation of their, or their associates', academic or professional qualifications, or experience.
2. Licensees shall not falsify or permit misrepresentation of their, or their associates', academic or professional qualifications, or experience.
1. Licensees shall not falsify or permit misrepresentation of their, or their associates', academic or professional qualifications, or experience.

AAE. 4. Licensees shall give proper credit for professional work to those to whom credit is due, and shall recognize the proprietary interests of others.
3. Licensees shall not falsify or permit misrepresentation of their, or their associates', academic or professional qualifications, or experience.
2. Licensees shall not falsify or permit misrepresentation of their, or their associates', academic or professional qualifications, or experience.
1. Licensees shall not falsify or permit misrepresentation of their, or their associates', academic or professional qualifications, or experience.
7. Members shall continue their professional development throughout their careers. They shall actively assist and encourage those under their supervision.

7a. Members shall provide opportunities for the professional and ethical development of those engineers under their supervision.

7b. Members shall encourage engineers to attend and present papers at professional and technical society meetings.

7c. Members shall endeavor to extend public knowledge of engineering and sustainable development.

7d. Members shall endeavor to extend public knowledge of engineering and sustainable development and to present understandable statements regarding the achievements of engineering.

7e. Members shall endeavor to extend public knowledge and appreciation of the profession and its achievements, and oppose any form of professional disrespect, insensitivity, or abusiveness.

7f. Members shall endeavor to extend public knowledge and appreciation of the achievements of engineering.

7g. Members shall endeavor to extend public knowledge of the profession and its achievements, and to oppose any form of professional disrespect, insensitivity, or abusiveness.

7h. Members shall endeavor to extend public knowledge of the achievements of engineering.

8. We continue our professional development and advancement of professionals in the engineering profession throughout our careers, encourage similar actions by our colleagues, and provide opportunities for the professional and ethical training of those persons.

8a. The member shall cooperate in advancing the profession by communicating its value and its contributions to the community.

8b. The member shall cooperate in advancing the profession by communicating its value and its contributions to the community.

8c. The member shall cooperate in advancing the profession by communicating its value and its contributions to the community.

8d. The member shall cooperate in advancing the profession by communicating its value and its contributions to the community.

8e. The member shall cooperate in advancing the profession by communicating its value and its contributions to the community.

8f. The member shall cooperate in advancing the profession by communicating its value and its contributions to the community.

8g. The member shall cooperate in advancing the profession by communicating its value and its contributions to the community.

8h. The member shall cooperate in advancing the profession by communicating its value and its contributions to the community.

9a. Keep current in our areas of specialty by engaging in professional practice, participating in continuing education courses, reading in the technical literature, and attending professional meetings and seminars.

9b. Members shall provide opportunities for the professional and ethical development of those engineers under their supervision.

9c. Members shall encourage engineers to attend and present papers at professional and technical society meetings.

9d. Members shall endeavor to extend public knowledge of engineering and sustainable development.

9e. Members shall endeavor to extend public knowledge of the profession and its achievements, and to oppose any form of professional disrespect, insensitivity, or abusiveness.

9f. Members shall endeavor to extend public knowledge of the profession and its achievements, and to oppose any form of professional disrespect, insensitivity, or abusiveness.

9g. Members shall endeavor to extend public knowledge of the profession and its achievements, and to oppose any form of professional disrespect, insensitivity, or abusiveness.

9h. Members shall endeavor to extend public knowledge of the profession and its achievements, and to oppose any form of professional disrespect, insensitivity, or abusiveness.

10. Fund the professional development of those engineers under our supervision; provide opportunities for the professional and ethical development of those engineers under our supervision.

10a. Members shall provide opportunities for the professional and ethical development of those engineers under their supervision.

10b. Members shall encourage engineers to attend and present papers at professional and technical society meetings.

10c. Members shall endeavor to extend public knowledge of engineering and sustainable development.

10d. Members shall endeavor to extend public knowledge of the profession and its achievements, and to oppose any form of professional disrespect, insensitivity, or abusiveness.

10e. Members shall endeavor to extend public knowledge of the profession and its achievements, and to oppose any form of professional disrespect, insensitivity, or abusiveness.

10f. Members shall endeavor to extend public knowledge of the profession and its achievements, and to oppose any form of professional disrespect, insensitivity, or abusiveness.

11. Proceed with due speed and caution in proceeding with any one matter more than one party for the same service without the consent of interested parties.

11a. Members shall provide opportunities for the professional and ethical development of those engineers under their supervision.

11b. Members shall encourage engineers to attend and present papers at professional and technical society meetings.

11c. Members shall endeavor to extend public knowledge of engineering and sustainable development.

11d. Members shall endeavor to extend public knowledge of the profession and its achievements, and to oppose any form of professional disrespect, insensitivity, or abusiveness.

11e. Members shall endeavor to extend public knowledge of the profession and its achievements, and to oppose any form of professional disrespect, insensitivity, or abusiveness.

11f. Members shall endeavor to extend public knowledge of the profession and its achievements, and to oppose any form of professional disrespect, insensitivity, or abusiveness.

11g. Members shall endeavor to extend public knowledge of the profession and its achievements, and to oppose any form of professional disrespect, insensitivity, or abusiveness.

11h. Members shall endeavor to extend public knowledge of the profession and its achievements, and to oppose any form of professional disrespect, insensitivity, or abusiveness.

12. Members shall provide opportunities for the professional and ethical development of those engineers under their supervision.

12a. Members shall encourage engineers to attend and present papers at professional and technical society meetings.

12b. Members shall endeavor to extend public knowledge of engineering and sustainable development.

12c. Members shall endeavor to extend public knowledge of the profession and its achievements, and to oppose any form of professional disrespect, insensitivity, or abusiveness.

12d. Members shall endeavor to extend public knowledge of the profession and its achievements, and to oppose any form of professional disrespect, insensitivity, or abusiveness.

12e. Members shall endeavor to extend public knowledge of the profession and its achievements, and to oppose any form of professional disrespect, insensitivity, or abusiveness.

12f. Members shall endeavor to extend public knowledge of the profession and its achievements, and to oppose any form of professional disrespect, insensitivity, or abusiveness.

12g. Members shall endeavor to extend public knowledge of the profession and its achievements, and to oppose any form of professional disrespect, insensitivity, or abusiveness.

12h. Members shall endeavor to extend public knowledge of the profession and its achievements, and to oppose any form of professional disrespect, insensitivity, or abusiveness.

13. Members shall provide opportunities for the professional and ethical development of those engineers under their supervision.

13a. Members shall encourage engineers to attend and present papers at professional and technical society meetings.

13b. Members shall endeavor to extend public knowledge of engineering and sustainable development.

13c. Members shall endeavor to extend public knowledge of the profession and its achievements, and to oppose any form of professional disrespect, insensitivity, or abusiveness.

13d. Members shall endeavor to extend public knowledge of the profession and its achievements, and to oppose any form of professional disrespect, insensitivity, or abusiveness.

13e. Members shall endeavor to extend public knowledge of the profession and its achievements, and to oppose any form of professional disrespect, insensitivity, or abusiveness.

13f. Members shall endeavor to extend public knowledge of the profession and its achievements, and to oppose any form of professional disrespect, insensitivity, or abusiveness.

13g. Members shall endeavor to extend public knowledge of the profession and its achievements, and to oppose any form of professional disrespect, insensitivity, or abusiveness.

13h. Members shall endeavor to extend public knowledge of the profession and its achievements, and to oppose any form of professional disrespect, insensitivity, or abusiveness.

14. Members shall provide opportunities for the professional and ethical development of those engineers under their supervision.

14a. Members shall encourage engineers to attend and present papers at professional and technical society meetings.

14b. Members shall endeavor to extend public knowledge of engineering and sustainable development.

14c. Members shall endeavor to extend public knowledge of the profession and its achievements, and to oppose any form of professional disrespect, insensitivity, or abusiveness.

14d. Members shall endeavor to extend public knowledge of the profession and its achievements, and to oppose any form of professional disrespect, insensitivity, or abusiveness.

14e. Members shall endeavor to extend public knowledge of the profession and its achievements, and to oppose any form of professional disrespect, insensitivity, or abusiveness.

14f. Members shall endeavor to extend public knowledge of the profession and its achievements, and to oppose any form of professional disrespect, insensitivity, or abusiveness.

14g. Members shall endeavor to extend public knowledge of the profession and its achievements, and to oppose any form of professional disrespect, insensitivity, or abusiveness.

14h. Members shall endeavor to extend public knowledge of the profession and its achievements, and to oppose any form of professional disrespect, insensitivity, or abusiveness.

15. Members shall provide opportunities for the professional and ethical development of those engineers under their supervision.

15a. Members shall encourage engineers to attend and present papers at professional and technical society meetings.

15b. Members shall endeavor to extend public knowledge of engineering and sustainable development.

15c. Members shall endeavor to extend public knowledge of the profession and its achievements, and to oppose any form of professional disrespect, insensitivity, or abusiveness.

15d. Members shall endeavor to extend public knowledge of the profession and its achievements, and to oppose any form of professional disrespect, insensitivity, or abusiveness.

15g. Members shall endeavor to extend public knowledge of the profession and its achievements, and to oppose any form of professional disrespect, insensitivity, or abusiveness.

15h. Members shall endeavor to extend public knowledge of the profession and its achievements, and to oppose any form of professional disrespect, insensitivity, or abusiveness.

16. Members shall provide opportunities for the professional and ethical development of those engineers under their supervision.

16a. Members shall encourage engineers to attend and present papers at professional and technical society meetings.

16b. Members shall endeavor to extend public knowledge of engineering and sustainable development.

16c. Members shall endeavor to extend public knowledge of the profession and its achievements, and to oppose any form of professional disrespect, insensitivity, or abusiveness.

16d. Members shall endeavor to extend public knowledge of the profession and its achievements, and to oppose any form of professional disrespect, insensitivity, or abusiveness.

16e. Members shall endeavor to extend public knowledge of the profession and its achievements, and to oppose any form of professional disrespect, insensitivity, or abusiveness.

16f. Members shall endeavor to extend public knowledge of the profession and its achievements, and to oppose any form of professional disrespect, insensitivity, or abusiveness.

16g. Members shall endeavor to extend public knowledge of the profession and its achievements, and to oppose any form of professional disrespect, insensitivity, or abusiveness.

16h. Members shall endeavor to extend public knowledge of the profession and its achievements, and to oppose any form of professional disrespect, insensitivity, or abusiveness.

17. Members shall provide opportunities for the professional and ethical development of those engineers under their supervision.

17a. Members shall encourage engineers to attend and present papers at professional and technical society meetings.

17b. Members shall endeavor to extend public knowledge of engineering and sustainable development.

17c. Members shall endeavor to extend public knowledge of the profession and its achievements, and to oppose any form of professional disrespect, insensitivity, or abusiveness.

17d. Members shall endeavor to extend public knowledge of the profession and its achievements, and to oppose any form of professional disrespect, insensitivity, or abusiveness.

17e. Members shall endeavor to extend public knowledge of the profession and its achievements, and to oppose any form of professional disrespect, insensitivity, or abusiveness.

17f. Members shall endeavor to extend public knowledge of the profession and its achievements, and to oppose any form of professional disrespect, insensitivity, or abusiveness.

17g. Members shall endeavor to extend public knowledge of the profession and its achievements, and to oppose any form of professional disrespect, insensitivity, or abusiveness.

17h. Members shall endeavor to extend public knowledge of the profession and its achievements, and to oppose any form of professional disrespect, insensitivity, or abusiveness.
Section 4A - American Association of Agricultural and Astronautics
34. Provide fair and unbiased opportunities for all.
35. Treat fairly and respectfully all colleagues and co-workers, recognizing their unique contributions and capabilities.

Section 4B - American Nuclear Society
1. We treat all persons fairly.

Section 4C - American Society of Civil Engineers
1. Engineers shall be objective and truthful in professional reports, statements, or testimony. They shall include all relevant and pertinent information in such reports, statements, or testimony.
2. Engineers shall issue no statements, criticisms, or arguments on engineering matters which are inspired or paid for by interested parties, unless they indicate on whose behalf the statements are made.

Section 4D - American Society of Mechanical Engineers
1. Engineers shall issue no statements, criticisms, or arguments on engineering matters which are inspired or paid for by interested parties, unless they indicate on whose behalf the statements are made.
2. Engineers shall be objective and truthful in professional reports, statements, or testimony. They shall include all relevant and pertinent information in such reports, statements, or testimony.

Section 4E - Institute of Electrical and Electronics Engineers
6. Engineers shall provide no statements, criticisms, or arguments on engineering matters which are inspired or paid for by interested parties, unless they indicate on whose behalf the statements are made.

Section 4F - International Society of Automation
4. The member shall provide written notice of any ex parte statements, criticisms, or arguments by clearly indicating on whose behalf they are made.
5. The member shall express an opinion on a professional subject only when it is founded on adequate knowledge and honest conviction.
6. The member shall not practice, real or virtual, or advertise in a manner that does not contain misleading language or is contrary to the public interest.

Section 4G - Institute of Transportation Engineers
3. The member shall provide written notice of any ex parte statements, criticisms, or arguments by clearly indicating on whose behalf they are made.
4. The member shall express an opinion on a professional subject only when it is founded on adequate knowledge and honest conviction.
5. The member shall not practice, real or virtual, or advertise in a manner that does not contain misleading language or is contrary to the public interest.

Section 4H - National Council of Examiners for Engineering and Surveying (model code)
4. Examinees shall provide no statements, criticisms, or arguments on engineering matters which are inspired or paid for by interested parties, unless they have indicated on whose behalf the statements are made.

Section 4I - National Society of Professional Engineers
1. Engineers shall treat all persons with dignity, respect, fairness, and impartiality.
2. Professional engineers shall provide no statements, criticisms, or arguments on engineering matters which are inspired or paid for by interested parties, unless they indicate on whose behalf the statements are made.
3. Engineers shall provide no statements, criticisms, or arguments on engineering matters which are inspired or paid for by interested parties, unless they indicate on whose behalf the statements are made.

Section 4J - National Society of Professional Engineers
1. Engineers shall treat all persons with dignity, respect, fairness, and impartiality.
2. Professional engineers shall provide no statements, criticisms, or arguments on engineering matters which are inspired or paid for by interested parties, unless they indicate on whose behalf the statements are made.
3. Engineers shall provide no statements, criticisms, or arguments on engineering matters which are inspired or paid for by interested parties, unless they indicate on whose behalf the statements are made.

Section 4K - National Society of Professional Surveyors
1. A member shall provide written notice of any ex parte statements, criticisms, or arguments by clearly indicating on whose behalf they are made.
2. Professional engineers shall provide no statements, criticisms, or arguments on engineering matters which are inspired or paid for by interested parties, unless they indicate on whose behalf the statements are made.
3. Professional engineers shall provide no statements, criticisms, or arguments on engineering matters which are inspired or paid for by interested parties, unless they indicate on whose behalf the statements are made.

Section 4L - Society for Mining, Metallurgy, and Exploration
5. We accept responsibility for our actions, speak and act honestly, and conduct ourselves in accordance with our code of ethics.

Section 4M - Society of Petroleum Engineers
1. Engage in professional relationships without bias or prejudice based on race, religion, gender, age, ethnicity, national origin, sexual orientation, marital status, socioeconomic status, political affiliation, or disability.
2. Accept responsibility for our actions, speak and act honestly, and conduct ourselves in accordance with our code of ethics.

Section 4N - Society of Professional Engineers
1. Accept responsibility for our actions, speak and act honestly, and conduct ourselves in accordance with our code of ethics.
2. Accept responsibility for our actions, speak and act honestly, and conduct ourselves in accordance with our code of ethics.
3. Accept responsibility for our actions, speak and act honestly, and conduct ourselves in accordance with our code of ethics.
4. Accept responsibility for our actions, speak and act honestly, and conduct ourselves in accordance with our code of ethics.
5. Accept responsibility for our actions, speak and act honestly, and conduct ourselves in accordance with our code of ethics.
engineers and exploration

1b. licensees shall not approve or seal plans or documents dealing with subject matter in which they lack competence by virtue of education or experience.

1b. licensees shall not approve or seal plans or documents dealing with subject matter in which they lack competence by virtue of education or experience.

2b. engineers may accept an assignment requiring education or experience outside of their own fields of competence, so long as those aspects and phases of the project are under the supervision and review responsibility of qualified associates, consultants, or employees.

II.2.b. engineers shall not complete, sign, or seal plans or documents dealing with subject matter in which they lack competence by virtue of education or experience.

2b. engineers may accept an assignment requiring education or experience outside of their own fields of competence, provided their services are restricted to those phases of the project in which they are qualified.

All other phases of such project shall be performed by qualified associates, consultants, or employees.

III.2.b. engineers shall not complete, sign, or seal plans or documents dealing with subject matter in which they lack competence by virtue of education or experience or in any such plan or document not reviewed or prepared under their supervisory control.

3a. shall inform the employer or client, and the member will cooperate with them whenever the employer or client will be advised to engage specialists.

3a. shall inform the employer or client, and the member will cooperate with them whenever the employer or client will be advised to engage specialists.

8b. engineers may request, propose or accept compensation for the purpose of affecting decisions with respect to governmental body or department, who are the principals or employees of a governmental body or department, shall not participate in decisions with respect to governmental body or department.

5c. Engineers may request, propose or accept compensation for the purpose of affecting decisions with respect to governmental body or department.

9c. Engineers shall not accept assignments or provide compensation for the purpose of affecting decisions with respect to governmental body or department that they serve.

6a. licensees shall not solicit or accept a professional contract from a governmental body or department on which a principal or officer of their organization serves as a member. Conversely, licensees serving as members, advisors, or employees of a governmental body or department, who are the principals or employees of a governmental body or department, shall not participate in decisions with respect to governmental body or department that they serve.

5a. Engineers shall not request, propose, or accept professional commissions on a contingent basis if, under the circumstances, their professional judgments may be compromised.

4a. Engineers in public service as members, advisors, or employees of a governmental body or department shall not participate in considerations or actions with respect to services solicited or provided by them or their organization in private or public engineering practice.

5. to maintain and improve their technical competence and to undertake technological tasks for others only if qualified by training or experience, or after full disclosure of pertinent limitations.

4. to maintain and improve their technical competence and to undertake technological tasks for others only if qualified by training or experience, or after full disclosure of pertinent limitations.

6. to maintain and improve their technical competence and to undertake technological tasks for others only if qualified by training or experience, or after full disclosure of pertinent limitations.

7. the member will not exert undue influence or offer, solicit, or accept compensation for the purpose of affecting negotiations for professional engagement.

7. the member will not exert undue influence or offer, solicit, or accept compensation for the purpose of affecting negotiations for professional engagement.

16. the member will undertake only those professional assignments for which the member is qualified. the employer or client will be advised to engage specialists.

16. the member will undertake only those professional assignments for which the member is qualified. the employer or client will be advised to engage specialists.

15. the member will undertake only those professional assignments for which the member is qualified. the employer or client will be advised to engage specialists.
