## Vogt begins term as NCEES Central Zone vice president

Marlon Vogt, P.E., recently received his commission as NCEES Central Zone vice president at the 97th NCEES annual meeting, held August 15–18 in Scottsdale, Arizona. He was elected to the position by delegates from the Central Zone during their interim meeting in May 2018. As vice president, Vogt will serve on the NCEES board of directors and as the zone's administrative officer through 2020.

A resident of Marion, Iowa, Vogt serves on the Iowa Engineering and Land Surveying Examining Board. His service to NCEES includes serving as a member of the Committee on Examination Policy and Procedure and the Committee on Examination Audit.

Vogt has been licensed since 1988. He is a project manager at Ulteig Engineers in Cedar Rapids, Iowa.

A graduate of the University of Nebraska–Lincoln, Vogt received a bachelor's degree in civil engineering.

Vogt serves on the executive committee for the Iowa Engineering Society, the steering committee for ASCE Electrical Transmission and Substation Structures Conference, and the ASCE Design of Steel Transmission Pole Structures Standard Committee. He is also an ABET program evaluator.

## ABOUT NCEES

*The National Council of Examiners for Engineering and Surveying is a nonprofit organization made up of engineering and surveying licensing boards from all U.S. states, the District of Columbia, Guam, Puerto Rico, Northern Mariana Islands, and the U.S. Virgin Islands. Since its founding in 1920, NCEES has been committed to advancing licensure for engineers and surveyors in order to safeguard the health, safety, and welfare of the U.S. public.*

*NCEES helps its member licensing boards carry out their duties to regulate the professions of engineering and surveying. It develops best-practice models for state licensure laws and regulations and promotes uniformity among the states. It develops and administers the exams used for engineering and surveying licensure throughout the country. It also provides services to help licensed engineers and surveyors practice their professions in other U.S. states and territories. For more information, please visit [ncees.org](http://ncees.org).*
